

"I like coming to camp not just because I want to make it fun and enjoyable for the kids, but for me. I go through a lot at home and whenever I come to camp and see the kids, it helps lift me up. It makes me feel good when they rush to say 'hi' and hug me. It helps me get away." - Trey D. – 10th Grade

"I enjoyed being a StreetLeader (youth employee) because of the sense of community here, something that I never had before. The staff and peers are supportive, are always there for me. The people around UrbanPromise don't give up on anyone and are always helping me grow." - Tamia A. – 9th Grade
